

## SPACE Wellbeing and Family Support Panel - for Children and Young People in Monmouthshire: Guidance for Referrers

- This form is for referrals for children and young people (under 18) and their families to early intervention, family support and emotional wellbeing services.
- Your referral will be discussed at a weekly multi-agency partnership panel facilitated by Families First that is comprised of local consortium partners who support children, young people and families.
- It is **essential** that verbal consent is obtained from the parent / young person for their information to be shared in this meeting, and the attached information sheet on the services for children and young people must be given as part of the referral process. Referrals without consent cannot be accepted and will be returned.  
**Consent is for social services, health/NHS and educational checks.**
- Schools, GPs and other professionals with knowledge of the child and family can refer to the multi-agency panel.
- At panel meetings, a decision will be made regarding the most appropriate service/s to help the referred child or young person and their family where there is a mental wellbeing issue or where parenting support may be required.
- We will write to advise you of the outcome of your referral, including which agency has been allocated and why. If helpful, the multi-agency panel might ask for further information from you to support them in their decisions regarding support.
- **Your referral will enable us to match the referred child or young person to the right service to meet their needs, without the referral needing to 'bounce' back to the referrer. Please complete all sections**
- For GP- and non-GP referrals medical health responsibility resides with the child's General Practitioner who should be the first point of contact if there are physical health concerns or in mental health crises. **It is good practice to inform the GP** when a referral has been made or send the GP a copy of the referral.

If you have safeguarding concerns, please contact the Duty and Assessment Team, Social Services Department – Assessment & Early Help Team – 01291 635699.

**Parental Consent:**

I give my consent for the referral to be made to the SPACE Wellbeing and Family Support Panel and understand the information on this referral form will be used to provide the SPACE Wellbeing and Family Support Panel, with relevant information about my family. I agree to the sharing of information between services at the SPACE Wellbeing and Family Support Panel in order to allocate an appropriate service.

Privacy notice: <http://www.monmouthshire.gov.uk/your-privacy/social-care-health>

I understand information will be stored securely about my family and treated confidentially unless there is a requirement by law because an infant, child or young person has been harmed, abused or is at risk of being harmed or abused.
