

English

Vocabulous

Usernames

Please note that all pupils in Year 7-9 have been given updated user names this academic year to access Vocabulous.

The username will still follow the same structure e.g. Emily Watkins would have a user name that began with the first three letters of their first and surnames (emiwat) but there will now be a new 3-digit number that follows this.

If pupils use their old usernames they will access their old Vocabulous login and classroom and will not be able to access their new homework.

Passwords

Year 7 and Year 9 pupils – passwords should be the same as Hwb passwords unless pupils have changed them.

Year 8 pupils – passwords follow a numerical format for the pupil's date of birth (15102011)
