### Statement on the use of Welsh Language

Welsh is taught as a second language to all pupils in all year groups across the all-age school, apart from those pupils who join in Years 10 and 11 from a school outside Wales and have no prior learning of Welsh. This ensures the sequential and systematic development of Welsh skills from Reception to Year 11. The school also works with the Cluster to ensure continuity of learning in Welsh when transferring to our school from other primary schools.

The School development Plan includes strategies and actions to support the acquisition of Welsh across the school. The school does not have provision for pupils to receive their education solely through the medium of Welsh.

### Provision of toilet facilities and cleaning arrangements

In the Primary Phase there are 47 toilet facilities for pupils and ten additional accessible toilets. The toilets are assigned to different year groups and are available in their year group areas.

In the Secondary Phase there are 50 toilet facilities for pupils and two additional accessible toilets. Within this there are dedicated Year 7 toilets. These are located around the school. There is one welfare/medical room.

Cleaning arrangements are in line with our Health and Safety Policy which is available [via this link](#).

### Extra-curricular activities

We run a wide range of extra-curricular activities, the details of which can be [found here](#).
