Allergen Info

Allergen Information

Allergen Requests

Any allergen / dietary requests or if you wish to order something this must be done in the morning before 9am with a member of canteen staff so we can ensure it is prepared separately and ready for you at lunch time.

All our team are allergen trained, and your food will be prepared separately, but we like to make our customers aware that we do have a very high volume of allergen containing products within our kitchen, so there does remain the risk of cross contamination as the same ovens, fryers etc are used for all products.

Allergen Statement

Our allergen matrix covers the 14 allergens specified by the Food Information Regulations. It lists what allergenic ingredients are contained in each of our dishes. We do not currently carry across may contain warnings from our food suppliers. Should you require to see May Contain information from our suppliers please ask your server. Our busy kitchens handle numerous ingredients and allergens. Whilst we have strict controls in place to reduce the risk of cross-contact, unfortunately it is not possible for us to guarantee that our dishes will be allergen free.
